# THE NEXT LEGENDARY INNOVATION FROM HESSTON

Double your hay output with the Hesston by Massey Ferguson® SB.1436DB small square baler. Delivering the capacity of two balers in one, it features SimplEbale® technology for consistent, dense bales and automated adjustments to simplify operation. With heavy-duty construction and industry-leading uptime, it reduces labor, fuel and downtime while maximizing efficiency in tight harvest windows. Built for performance and reliability, the MF SB.1436DB is your solution for faster, better baling.

PERFORMANCE	CONSISTENCY	UPTIME
<ul style="list-style-type: none"><li>» Produce two rows of bales per field pass, doubling capacity and efficiency</li><li>» 105" pickup increases capacity and optimizes throughput</li></ul>	<ul style="list-style-type: none"><li>» SimplEbale automates baler control to produce a more consistent bale through varying crop conditions</li><li>» Monitor flake thickness, flake count, bale length and overall field efficiency</li><li>» Better bales regardless of operator skill</li></ul>	<ul style="list-style-type: none"><li>» Up to 8,000 bales before twine ball refill</li><li>» Automatically lubricates knotters without stopping</li><li>» Heavy-duty components and easy maintenance</li></ul>

MODEL	BALE SIZE (IN)	BALE CHAMBER LENGTH (IN)	PLUNGER SPEED (STROKES PER MIN)	NUMBER OF KNOTTERS	MINIMUM TRACTOR PTO HP	BALER WEIGHT (LBS)
SB.1436DB	14 x 18	24 - 52	90	4 heavy-duty twine tie	120	9,400
